Keep Your Customers Secure and Futureproof Your Business

The cyber security market continues to grow at rapid rates.
Make sure you're part of it.

The global cybersecurity market is estimated to grow to **$346 billion** by 20271.

300% + increase in ransomware attacks in 2021, with **over 50% targeting small businesses**[2].

By 2025, **50% of organizations** will be using managed detection and response services[3].

How Seamless Security Growth Solutions can help

We leverage the full Microsoft stack to help partners grow their security competency and provide customers with comprehensive identity and endpoint security.

78%
of chief information security officers (CISOs) have 16 or more tools in their cybersecurity vendor portfolio[4].

Optimize costs and drive efficiency
Customers can save 60% on average by leveraging Microsoft's security solutions compared to a multi-vendor strategy – help them consolidate vendors seamlessly.

$1.07 million
How much higher the average cost of a breach was where remote work was a factor[5].

Secure the hybrid workplace
A solution built on Microsoft offers customers unparalleled security. Give customers the tools and guidance to secure every aspect of their business.

2.72 million
The number of positions that make up the global cybersecurity talent shortage[6].

Overcome IT skills gap
Your customers benefit from the investment we make in our partners, including access to our complimentary cybersecurity scans, MS Expert Program and SMB Microsoft bootcamps.

We can help you future-proof your security capabilities
