

DATA SHEET

# Integrate effortlessly.

Platform Integrations  
for Channel Partners

## Connect your local systems and PSA tools with Cloud Marketplace today.

Ease and automate data exchange between Ingram Micro Cloud Marketplace and your local systems and tools with the new Platform Integrations for partners. Integrations come in different shapes and forms—ranging from intuitive, ready-to-use native integrations to flexible, do-it-yourself integrations—using our API kit.

Simplify and eliminate many of the manual, repeatable processes your team executes jointly between your local tools and Ingram Micro Cloud Marketplace by using our Platform Integration capabilities.

## Key Benefits

-  **Boost your business efficiency** as you eliminate repeatable processes for your team.
-  **Ease the exchange of information** between Cloud Marketplace and your local tools.
-  **Integrate with your PSA tool** in just a few clicks with our native integrations.
-  **Get a more seamless experience** across your Cloud Marketplace account and tools.

## Find the integrations your business needs.

### Out-of-the-Box Native Integrations

Integrate your local PSA tool with Ingram Micro Cloud Marketplace.

- ConnectWise PSA Integration
- Autotask PSA Integration
- More integrations coming soon

### Low-Code No-Code Integrations

Integrate with 2,000+ business applications using the least amount of effort through Zapier.

- Marketing automation tools
- CRM and customer management tools
- Business intelligence tools
- Support, ticketing and ITSM tools

### Do-it-Yourself (DIY) Integrations

Automate repeatable, day-to-day processes on Cloud Marketplace using flexible Marketplace APIs.

- New change and cancellation orders
- Subscription provisioning and deprovisioning
- Consumption and usage reporting
- Billing and invoicing processes

## See how our platform integrations are different.

**A dedicated integrations team across the world.** Our integrations experts are available in North America, EMEA and APAC to help define which of our integrations are best for your business.

**Zero cost for integrations** to help you become more profitable, you're never charged for assistance from our integrations consultants or for leveraging our API kit.

**A la carte integrations catalog.** Choose from integrations in different flavors to help boost your efficiency based on your technical expertise and integrations knowledge.

**A dedicated platform success consulting team** with value that extends beyond just integrations, our platform experts can advise you on which platform can best meet your business needs.
